A MESSAGE
FROM THE CEO & KMHA PARENT BOARD PRESIDENT

Dear Community Members,

Thank you for your interest in Kennebec Behavioral Health and our mission for central Maine and beyond.

As we have continued to manage the impact of COVID during fiscal year 2022, we have seen increased demand for mental health and substance use disorder services across all of our service areas. We hope that you find our Fiscal Year 2022 Annual Report interesting and informative.

On pages three and four, you will see an inspirational article regarding our Clubhouse services and the opportunities that this program creates for people pursuing financial and living independence.

On page four, you will see one of the most significant accomplishments of the last decade for Kennebec Behavioral Health in that our electronic medical record has been certified. EHR Certification allows us to seamlessly share information by-directionally with other mental health providers, primary care, and hospitals as needed and in particular here within Maine.

Underlying the success of our organization is the commitment of our staff to provide consistent and effective mental health and substance abuse services. Whether it is our residential services, clinic-Based services, or our community services, the staff at KBH have been the foundation our of successful organization.

We hope you enjoy the information in our FY 2022 Annual Report.

Sincerely,

Lisa Landry, Esq.
KMHA Parent Board President

Thomas J. McAdam
Chief Executive Officer

CAPITOL CLUBHOUSE

Over the last year, we have welcomed many changes at Capitol Clubhouse. The leadership changed hands as Amy Kirkpatrick accepted a new role within Kennebec Behavioral Health and Valerie Hunt accepted the position as Clubhouse Director. Taylor Wright was also promoted as the new Clubhouse Assistant Director. Capitol also presented at Riverview Psychiatric Center. The clubhouse continues to maintain strong working relationships with Transitional Employment partners. In addition to these efforts, they have made strides with assisting members with accessing various wellness opportunities, including utilizing the YMCA five days per week and hosting a Turning Points quitting smoke group once per week.

HIGH HOPES CLUBHOUSE

High Hopes Clubhouse celebrated its 25 Year Clubhouse Anniversary on Friday, December 2, 2022. The Clubhouse members and staff welcomed over 150 people during the Open House. The event was full of special moments as family members, area employers, state agency partners, Advisory Board members, Kennebec Behavioral Health staff, and four Maine Clubhouses joined in the celebration. They were very pleased that many of former members and staff attended and were able to share what a difference Clubhouse made in their lives. As the 25 Year video played in the background, people shared stories and memories of Clubhouse. High Hopes cannot wait for what the new year will bring!

YEAR TWO OF CCBHC

During fiscal year 2022, Kennebec Behavioral Health continued in its implementation of the Certified Community Behavioral Health Clinic (CCBHC) model for care delivery after being awarded a Substance Abuse and Mental Health Services Administration (SAMHSA) grant.

The CCBHC model is a community-focused, recovery-oriented approach to behavioral health care that is built around increasing access to care for people who most need it and integrating behavioral and primary health care to offer true whole-person care. CCBHCs are becoming the new national standard in behavioral health care.

Part of this model included the need for KBH to create multiple positions such as the Military-Connected Clients Liaison and to train dozens of clinicians in evidence-based therapies that meet key needs in our community.

KBH began enrolling consumers into the CCBHC in January 2022. Consumers were screened at intake and, if eligible, were assigned a care coordinator with the Access Center. CCBHC provides a continuum of care across the lifespan for behavioral health consumers who have urgent or emergent needs and are at high risk due to other circumstances.

Consumers participate in a National Outcomes Measurement Survey every six months which collects important information to support their care. Additional screenings are also completed at intake to create the best patient-centered care plan. This ensures that consumers receive individualized care that considers their physical health and issues arising from poverty, domestic violence, substance use, legal involvement and housing instability.

In March 2022, KBH received approval of their CCBHC attestation after four months of preparation. This approval means KBH had successfully demonstrated that they were meeting all of the criteria required to be certified as a CCBHC.

KBH will continue its CCBHC work in collaboration with MaineGeneral's Community Care Program, Crisis & Counseling and Hart Consulting and looks forward to further developing this comprehensive model of integrated behavioral health care for members of our community.

VILLAGE CLUBHOUSE

After opening its doors in 2018, Village Clubhouse in Topsham received its first Clubhouse International Accreditation in late 2021. Village Clubhouse received no formal recommendations on the preliminary finding reports. The Accreditation process involves multiple steps and is awarded in one- or three- year periods. Accreditation is conducted by members of the Clubhouse International Faculty who oversee a rigorous process. To receive accreditation, Village Clubhouse had to work together to prepare for the site visit. Each area of the Clubhouse is reviewed and discussed and are part of a self-study process which results in a written report from the Clubhouse to Clubhouse International.

The Clubhouse also launched its first fundraising campaign with Maine Cabin Masters. The month long campaign raised funds for the Clubhouse's transportation needs. The goal was set at $10,000. The amount raised- over $16,000. Funds help ensure members are able always able to get to the Clubhouse even when lacking transportation. This effectively removes one of the main barriers in accessing services at Village Clubhouse.

LOOKING AHEAD CLUBHOUSE

The past year at Looking Ahead Clubhouse has been one of change. We have many new members, new leadership, a new staff member and interns. Coming out of the pandemic (mostly), LAC has returned to pre-pandemic numbers in daily attendance. In the past year, we celebrated our 10th anniversary celebration. Clubhouse celebrations are all hands on deck and typically take weeks if not longer to plan for. What none of us can ever plan for is the weather.

On the day of our Anniversary Celebration we had 30-40 mph winds, two inches of rain and two hours before the celebration, we lost power and our roof began to leak (This has since been fixed). Our group held a quick meeting and the consensus of the group was "The Celebration must go on". When the Celebration was done we realized we had roughly 125 smiling faces come to the celebration in support of our Clubhouse many of whom did not realize we were in the middle of a power outage. 2022 offered us organized chaos and we expect the same from 2023 and we would not have it any other way.

NEO CERTIFICATION

To become a Certified Community Behavioral Health Clinic (CCBHC), KBH's electronic health record (EHR) system, NEO, had to be ONC certified to ensure it met the technological capability, functionality and security requirements adopted by the US Department of Health and Human Services. KBH began its certification process in 2020 and completed it in 2022.

Certification occurs in two ways, by self-attestation and by direct observation. The self-attestation criteria required many screen shots and written explanations for the ONC board to review to make the determination of whether the software met the requirements.

The more difficult criteria to pass was to have a proctor to observe the software "in use." KBH's IT department used Drummond Consulting as the proctor because they are authorized by the ONC to conduct the exams. The proctor, Brenda Millet, using Zoom, connected to the testing system as Scott Bressette performed each requirement for her to observe in the software.

After each completed criterion, Brenda would collect the evidence and verify that the document met the certification requirements. Though there were only a few criteria like this, each of them had hundreds of sub requirements, government standards to meet and legal necessities. The testing took many hours to prepare for and complete. After more than a year of work and preparation, Brenda took her evidence back to the ONC and they declared that on September 6, 2022, NEO was ONC Certified.

NEO is now on the government registry of certified EHR products, with EHR's like RxNT, MediTech, Epic, and so on. This allows KBH access to grants and government initiatives that require a certified EHR.

NEO is the product made for, and made by, all of KBH. We depend on the all of the input from our staff to drive innovation. So, NEO's future and KBH's future are the same, and from our point of view that future looks very bright.

Learn more about what was certified with KBH's disclosure page: https://mobile.kbhmaine.org/home/Disclosure.

FY 2022 CLIENTS BY SERVICE

Kennebec Behavioral Health serves residents in over 200 towns and cities in Maine, mostly in central Maine. Clients may be provided services in the community, at clinics in Augusta, Skowhegan, Waterville, Winthrop or Farmington, or at vocational clubhouses in Augusta, Topsham, Waterville and Lewiston. Programs and services reach Rockland, Lewiston and Bangor.

Total People Served by KBH Programs in FY22: 14,915

CLINIC-BASED SERVICES

CCBHC	294
Med Clinic (Adult):	4,178
Med Clinic (Youth):	1,360

KBH CAMPAIGNS & GRANTS IN FY 2022

There were two areas of service that KBH focused on in terms for funding requests. While KBH explores funding opportunities with foundations and individual donors for all the programs, specific areas of focus allow the organization to more strategically and effectively support new programs and programs in need. Fiscal year 2022's main focuses were transportation services for the vocational clubhouses and substance use disorder programs.

Vocational Clubhouses & Transportation

During December 2021 and January 2022, Maine Cabin Masters teamed up with Village Clubhouse to raise money for transportation services with the Clubhouse. Maine Cabin Masters, located in Manchester, ME, is a team of builders and designers who save and transform abandoned cabins in Maine. The team currently has a show on HGTV.

When Village Clubhouse opened its doors, it realized that transportation was a barrier for many members who lived in areas without MaineCare funded transportation. To ensure that all members could enjoy the clubhouse model, the clubhouse began raising money for transportation services.

The clubhouse model was especially important to Chase and Ashley, members of Maine Cabin Masters, as something their father was passionate about and worked for his whole life. So, they joined forced with Village Clubhouse to raise money for during a two month-long campaign. Every person who donated to the campaign was entered into a contest to win a dinner with the Maine Cabin Masters team. Overall, the campaign raised over $16,000 from over 500 gifts. One donor made a gift of $2,000 alone.

Additionally, the Catherine W. Guiles fund of the Maine Community Foundation also donated $8,000 for transportation for all four clubhouses. Funding was also received from multiple donor advised funds for High Hopes Clubhouse, equalling $10,000.

Substance Use Prevention & Intervention (SUPI)

In May, KBH hosted the virtual pet competition, The Pet Palooza. Pet applicants competed for votes by donation during this event. Over 30 animals participated and over 170 donations were made. The winner, Lucy, ended with over 350 votes! The campaign raised over $2,200 for Substance Use Prevention and Intervention Services.

BEST PLACES TO WORK IN MAINE: TOP 10

Kennebec Behavioral Health is excited to announce that it made the top 10 for Best Places to Work in Maine in the large company category. Coming in at 10th place, KBH was one of only a handful of non-profits to make the top 20.

To be designated as a Best Place to Work in Maine, staff are asked to fill out an anonymous survey that is used in connection with infomation KBH provides about its culture and benefits. The results of the survey then highlight satisfaction rates at KBH.

In the survey that staff filled out anonymously, KBH had an overall average of 92%. This is in comparison with similar organizations who made the top 10, which averaged 89%.

The survey was organized into different categories. This is how KBH did in the following categories:

- Leadership: 93% (compared to average for other large companies- 89%)
- Corporate Culture and Communications: 89% (other large companies- 87%)
- Role Satisfaction: 93% (90%)
- Work Environment: 93% (91%)
- Relationship with Supervisor: 93% (92%)
- Training, Development and Resources: 92% (86%)
- Pay and Benefits: 86% (84%)
- Overall Engagement: 93% (90%)

Each category was then broken into individual questions that staff could answer. These answers are a valuable resource for the management team to analyze the results and create action plans for improvement in needed areas.

KBH thanks its staff who participated in the survey and congratulates the other ranking organizations.

SUPI also received over $6,000 in funding from the Town Fair Tire Foundation and the Helen & George Ladd Charitable Corp. These funds help with programs that work with individuals and families dealing with a substance use disorder, as well as preventative programs.

Recovery

In the spring of 2022, KBH began making plans to construct a recovery trail in Skowhegan. Thanks to $15,000 awarded by the Betterment Fund, KBH and the ROAR team were able to build the trail for anyone to enjoy behind the Skowhegan clinic. The Betterment Fund was created for charitable purposes by the will of the late William Bingham, 2nd, a resident of Bethel, Maine, who died in 1955.

Opioid Use Disorder Services

Opioid Use Disorders have ravaged our communities over the last five years. In response, KBH opened the Opioid Health Home program in Skowhegan, as well as partnered with other organizations to create action plans to improve health care access and awareness about the issue. The Libra Foundation awarded the Opioid Health Home $5,000 to support the program and its mission.

The Rapid Access Program was developed to build capacity to deliver rapid community-based treatment response for people of Somerset County living with opioid use disorder. During the fiscal year, the program was awarded $9,000 from Community Health Options advised fund of the Maine Community Foundation and $50,000 from Maine Health Access Foundation (MeHAF).

Unrestricted Grants

While funding is always essential for specific programs and projects, unrestricted donations and grants have an enormous impact on the organization. Unrestricted gifts allow KBH to designate funding to programs and projects most in need. During the fiscal year, KBH was pleased to receive $30,000 from the Charles A Dean Trust and $15,000 from the Maine Community Foundation's COVID-19 Response Fund to be used as unrestricted gifts.

PREVENTION IMPACT IN NUMBERS

During FY 2022, KBH collaborated and partnered with other organizations in creating a prevention campaign to help bring awareness to substance use disorders and the resources available in the community. Here are some of the numbers that showcase these efforts:

27,079 hits on social media.

11 speaking engagements on a variety of substance related activities with an estimated reach of over **7,000** (reach is the estimated number of people that would be impacted by the information learned, in some cases this is the service providers case load and in others it is the person themselves; the tracking is convoluted).

5 Public Service Announcements created and aired at Spotlight Cinema at the Strand in Skowhegan with a reach of **20,000** people.

386 Deterra Pouches distributed in the community.

30 lock boxes distributed in the community.

2 agencies engaged with on policy work that impacted approximately **526** workers and/or students.

5,000 brochures, flyers and informational material disseminated in the community.

950 individuals reached through **5** community events in conjuction with multiple agencies agross the region including the Community Baby Shower, Domestic Violence Vigil, Skowpendous, Jacinta screening at Skowhegan Drive In and National Night Out. These events happened in the midst of the COVID-19 pandemic and safety precautions as recommended by the CDC were adhered to.

FY 2022 DONORS

(July 1, 2021- June 30, 2022)

KBH is grateful for the support and generosity of our donors!

WAYS TO SUPPORT KBH

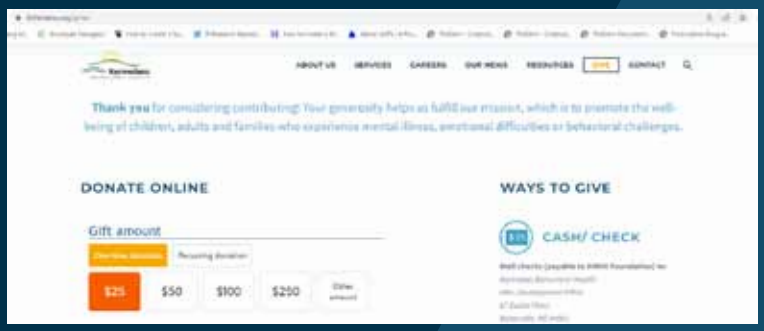
There are many ways you can support KBH, here are a few:

One-time gift
Make a single donation by check, credit card, direct debit or virtual wallet.

Give online at www.kbhmaine.org/give or by check. Make the checks payable to "Kennebec Behavioral Health" and send it to:
KMHA Foundation
67 Eustis Parkway
Waterville, ME 04901

Recurring Gift
If you would like to make a regular, ongoing donation to KBH, make a donation online but select "Recurring Gift." You can then enter the amount and frequency (e.g. monthly, quarterly, annually). After each payment, you will receive a receipt.

All donations are tax deductible.



Participate in Our Events & Campaigns
KBH hosts an annual fundraising event, A Night Out, each fall. Attending is a great way to support our programs. KBH also hosts online campaigns such as the Pet Palooza. Participate by entering a pet or voting this year. More information can be found on our website under the "Give" tab.

Be An Advocate
Follow KBH on Instagram, Facebook and Twitter to learn more about our mission and help spread our messaging around our events, programs and needs.

Learn more at www.kbhmaine.org/give.
