
FY 2023 ANNUAL REPORT

Updates, Highlights and Financials of Fiscal Year 2023

Kennebec
MENTAL HEALTH ASSOCIATES
& RELATED CORPORATIONS

A MESSAGE

FROM KMHA PARENT BOARD PRESIDENT & CEO

Dear Community Members,

Thank you for taking the time to learn more about Kennebec Behavioral Health and our activities in central Maine and beyond during this last fiscal year.

While the pandemic seems to be behind us, its impact on mental health and substance use disorders remains. The demand for behavioral health care services continues to increase across all service areas. We hope to highlight how KBH has continued to adapt and develop to provide more effective services.

On pages three through six and page 11, you can read about some of our successes, events and changes during the year. Our staff went above and beyond to make connections in the community and participated in a variety of business, legislative and healthcare-related events.

On page 12, the necessity of the Opioid Health Home Program will become apparent. This program in Skowhegan has had to grow and develop quickly to meet the rising need for support for individuals with opioid use disorder and it has continued to rise to the occasion.

This fiscal year, KBH served its highest number of clients in history. However, we cannot forget the foundation of these services- our staff. In every program, our staff have stepped up to meet an ever-increasing need for behavioral health care. At all levels, they showcased their commitment to the community and to KBH's mission. Without them, none of this work would be possible.

We hope you enjoy the information in our FY 2023 Annual Report.

Sincerely,

Lisa Landry, Esq.
KMHA Parent Board President

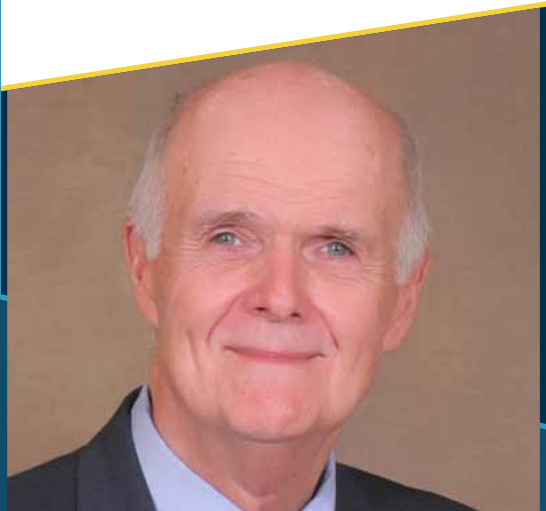
IN HONOR OF SAM GODDARD



In this Annual Report, we want to acknowledge the passing and the contributions of long time board member, Samuel Goddard. Over the years, Sam played an important role in helping to further the mission of Kennebec Behavioral Health on many levels. Early in his tenure as a board member, his leadership helped to stabilize the agency during tumultuous times and he went on to perform many roles including Board President and Chair of the Finance Committee. Sam's commitment to the agency and the greater Waterville community was unparalleled and we will miss his common sense Yankee approach and his unwavering support of mental health services.

FY 2023 HIGH

RECOVERY TRAIL COMPLETED

KBH completed building a Recovery Trail behind the Skowhegan Clinic during the beginning of FY 2023. The trail was made possible by the Betterment Fund which awarded a grant for the purpose of building the trail. The trail was constructed by KBH staff, those in recovery, affected others and recovery allies through ROAR (Recovery & Opioid Addiction Resources) *(see photo on left)*.

2022 ANNUAL MEETING

KBH celebrated its 62nd annual meeting on September 15, 2022, two years after its last in-person event. This was the first time in recent history that the organization celebrated this event in September. During the event, three awards were presented to Kevin Jones of Old Navy, Somerset Public Health and its Pathways to Recovery Program and Central Maine Youth Trauma Initiative. Rosalie Williams, the KMHA Parent Board President, was also recognized for her leadership as she completed her term.

LIGHTS

A NIGHT OUT OF MYSTERY

On November 5, 2022, KBH hosted its fifth annual fundraiser, A Night Out, at the Calumet Club in Augusta. In the spirit of Halloween, KBH partnered with the acting group, Mystery 207, for a night of mystery and comedy. The theme for this event: 1920s Speakeasy. The event included a basket raffle and silent auction. Baskets and auction items were donated by KBH staff and local businesses. There were nearly 30 items that participants could win, and several participants won big! The big prize of the night was a cash bouquet worth nearly $600. The event sold out within three weeks and raised nearly $16,000 for the College Scholarship Fund, a record for this fundraiser.

LEGISLATIVE TOUR

On February 10, 2023, several Maine legislators met at Kennebec Behavioral Health's 66 Stone Street location to learn about behavioral health issues and needs in Kennebec County. Visits were made to KBH's young adult PNMI, LINC Wellness & Recovery Center with Motivational Services, MaineGeneral and Capitol Clubhouse. Back at KBH, Crisis & Counseling and two police chiefs spoke about their work in the mental health community.

Legislators outside of KBH's 66 Stone Street Location

2023 HOPE CONFERENCE

On May 17, 2023, KBH staff attended the HOPE Conference at the Augusta Civic Center. One of the breakout sessions was from KBH's Kevin Bush, peer support specialist, Theresa Thyng, adult case manager, and Trish Gagnon, physician assistant. The name of the presentation: "Do I Need Medication to be Well?". KBH also had a resource table at the event hosted by Stacy Austin, recovery coach coordinator of the OHH program, and Troy Henderson, peer services coordinator.

Bottom: Attendees of the HOPE Conference

2023 ANNUAL MEETING

For the first time, KBH celebrated two annual meetings in one year as the 2022 event was held in September. In 2023, the event was held at its normal time of year on June 22, 2023 at the Senator Inn in Augusta. Two awards were presented this year. The James R. Schmidt Award was awarded to Wicked Whoopies and the Outstanding Community Partnership Award was given to the Maine Alliance for Recovery Coaching, Healthy Acadia. Gordon Smith, Director of Opioid Response for the Office of Governor Janet Mills, presented an update about the State of Maine's efforts to battle the opioid crisis.

2022 BEST PLACES TO WORK IN MAINE

KBH was once again named as one of the Best Places to Work in Maine for 2022. This was the second year in a row to be named a Best Place to Work. KBH broke the top 10 and landed at the number 10 spot for large companies. It was the only non-profit to make the top 10 in this category.

GRANTS RECEIVED DURING FY 23

The Pull Up Fund awarded KBH over $600,000 to support its Telehealth Coordinator Pilot for schools. This was the largest grant KBH received from a private foundation in its 60+ year history. KBH was also awarded the PDO Grant (Prevent Prescription Drug/Opioid Overdose-Related Deaths) from SAMHSA to reduce the number of prescription drug/ opioid overdose-related deaths among individuals 18 years of age and older. KBH also received several large grants to support programs in need, Clubhouse transportation services and tobacco cessation services.

Photos:
High Hopes receiving a grant from Kennebec Savings Bank

TWO FACTOR AUTHENTICATION

KBH implemented Multi-Factor Authentication on all agency computers during the fiscal year. KBH chose the Yubi-Key Security key as their two-factor. All staff requiring access to any electronic resource at KBH was issued a Yubi-Key which was configured specifically for them.

Photos:
A Yubi-Key given to KBH staff

CCBHC UPDATES

CCBHC continued its work towards the new CCBHC value-based reimbursement system and continued building the model of service delivery with enhanced screening and intake processes, hiring Care Coordinators and Peer Support staff, featuring new technology with NEO, and strengthening collaborations with partners like Crisis & Counseling Centers. As part of the work to design Maine's CCBHC model, KBH worked with Maine DHHS and other prospective CCBHCs to define "CCBHC Encounters" and "CCBHC Activities," or encounters that do and don't trigger MaineCare CCBHC billing.

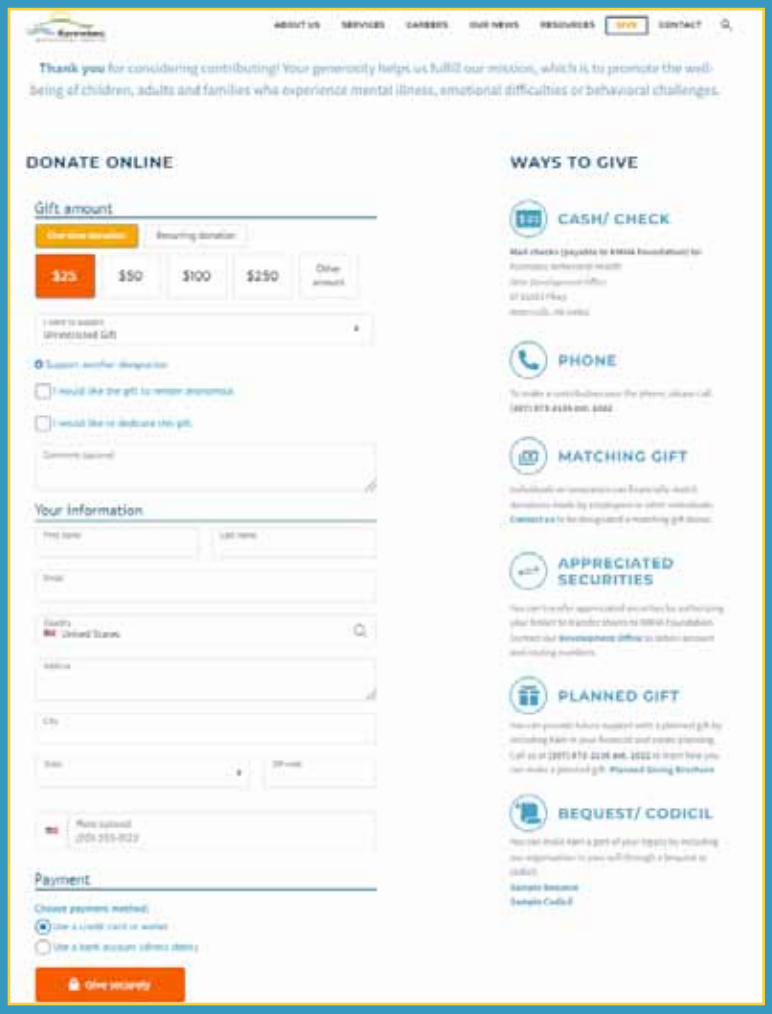
VOCATIONAL CLUBHOUSE MEMBER INCOME

Members at KBH's four Clubhouses continued to participate in the Clubhouse programs of Transitional Employment (TE), Supported Employment (SE) and Independent Employment (IE) during 2023. Across these three employment settings, members generated the following personal income totals:

High Hopes Clubhouse- $1,277,346
Capitol Clubhouse- $236,495
Looking Ahead Clubhouse- $250,000
Village Clubhouse- $260,697

Grand total across all Clubhouses- $2,024,538

WAYS TO SUPPORT KBH



Donations help KBH fulfill our mission and continue to serve Maine communities but there are other ways to be a KBH advocate. Here is more information on making donations or supporting KBH:

One-Time Gift by Check
Make a single donation by check at any time to KBH or by asking to be placed on our appeal mailing list. Make the checks payable to "Kennebec Behavioral Health" and mail it to:
Kennebec Behavioral Health
Attn: Development Department
67 Eustis Parkway
Waterville, ME 04901

One-Time Gift by Card, Direct Debit or Virtual Wallet
Making a donation online is easier than ever. Simply visit www.kbhmaine.org/give or find the "Donate" button on the upper right-hand corner of our website. There, you can fill out the donation form with your information and which program(s) you would like to support. Donations can be made with a card, direct debit or using a virtual wallet (when supported). Once you complete the transaction, a receipt will be emailed to you.

Make a Recurring Gift
If you would like to make a regular, ongoing donation to KBH, make a donation online but select "Recurring Gift." You can then enter the amount and frequency (e.g. monthly, quarterly, annually). After each payment, you will receive a receipt. All donations are tax deductible.

Be An Advocate
Follow KBH on Instagram, Facebook and LinkedIn to learn more about our mission and help spread our messaging around our events, programs and needs.

Contact Us
If you would like information about giving, matching gifts, planned gifts or bequests or simply have a question about donating to KBH in general, please contact our Development Department.

Email: info@kbhmaine.org
Phone: 207.873.2136 ext. 1005
www.kbhmaine.org/give

MEDICATION CLINICS AT KBH

KBH provides Medication Clinic services for youth, adults and families at its five clinics in Maine. Medication Clinic (or "Med Clinic") services include psychiatric evaluation for mental illness and medication management for people with a diagnosed mental health disorder. One way in which the organization ensures clients needs are being met is through hosting frequent Client Satisfaction Surveys. Clients can express their feelings about their providers, treatment plans and overall satisfaction with KBH, as well as give the organization information on improving its delivery of care.

"All staff at Kennebec Behavioral Health- I just wanted to say thank you so very much for your kind attitude towards me. Front desk has helped me when I needed to reschedule. All the nurses and med clinic staff have treated me with complete respect, kindness and are non-judgmental of whom I am as a person. Thank you all so very much. Brightens a person's mood."

It's important at KBH that all staff who interact with clients have their wellbeing in mind. This starts when clients first enter the front doors and interact with front desk staff. The front desk staff are the first faces to greet clients and help them feel welcomed.

KBH's nurses include Registered Nurses, Registered Nurses-Certified, Psychiatric Mental Health Nurse Practitioners-Board Certified, and Advance Practice Registered Nurses-Board Certified. Finally, our clinics' staff also include Physician Assistants, Osteopathic Doctors and Medical Doctors.

Together, our medical teams work to create and deliver comprehensive and individualized treatment plans for each client who enters our doors or receives care remotely. Each person is vital to the continuity of care we provide to clients.

At KBH, we hope that every client can find the right provider and mental health care team to support them on their recovery journey. Our work would be impossible without the dedication of our staff in Waterville, Augusta, Skowhegan, Winthrop and Farmington.

"I used to be anxious to go to appointments but now I get excited because our meetings are as enjoyable as getting coffee with a friend."

2023 COLLEGE SCHOLARSHIPS AWARDED

KBH's 2023 college scholarship recipients were announced at the end of the fiscal year. KBH was honored to support eight students from Maine during the year. Each students received a $1000 scholarship upon successful completion of their first semester. Each of the students are pursuing a major in a field related to behavioral health or social work.

Students from Cony High School, Erskine Academy, Lawrence High School, Maranacook High School, Mt. Blue High School, Waterville Sr. High School, Winslow High School and Winthrop High School were awarded scholarships. This year, KBH also opened applications to home-schooled students, students of Hall-Dale, Messalonskee, Maine Central Institute and Waterville Alternative High School and students who live or go to school in Somerset and Kennebec counties. The Scholarship Awards are funded by KBH's annual fall fundraiser, A Night Out.

PREVENTION IMPACT IN NUMBERS

During FY 2023, KBH collaborated and partnered with other organizations in creating a prevention campaign to help bring awareness to substance use disorders and the resources available in the community. Here are some of the numbers that showcase these efforts:

14 **14 trainings to over 150 people throughout Somerset County.** Trainings focused on topics including harm reduction, Narcan distribution, stigma and signs of overdose. Trainings were given to local businesses, civic groups, state agencies, social services, case managers, community members, affected individuals, first responders, medical staff, guidance counselors, camp counselors and KBH staff.

10 **10 events attended.** Events included the Pittsfield Summer Concert Series, Winslow Traveling Food Pantry, Centenary CUP Project, Recovery Rally, Compassion Cures Community Conversation, KVCAP Family Event at Cayford Orchard, First Responder Suicide Prevention Seminar, Fair Chance Hiring Event, Skowpendous and National Night Out.

12 **12 lock boxes handed out in the community.** Lock boxes are secure containers that ensure medications are only accessible to the holder and prevent accidental misuse from children, animals and other adults.

129 **129 locking medication bags given out.** Locking bags are similar to lock boxes but are better for travel and when needing to access medications throughout the day when away from home.

245 **245 Deterra Pouches distributed in the community.** Deterra Pouches provide safe, convenient and permanent disposal of unused, expired or unwanted medications.

245 **245 Narcan distributed in the community.** Narcan, or Naloxone, is a life-saving medication that can reverse an overdose from opioids, when given in time.

OPIOID HEALTH HOME PROGRAM
OHH

There has been a great deal of growth and program development this past year in the Opioid Health Home Program's expansion efforts to accommodate the community and client need for service. The program exceeded the original capacity of 44 clients when the program opened and hired a second full-time counselor, two per diem counselors and increased its MAT (Medication-Assisted Therapy) prescribing time availability from eight to 12 hours weekly to meet increased need.

KBH was very proud of the excellent retention rates in service at the OHH. The program maintained an average three percent monthly discharge rate of those clients that had not fully completed treatment. The program strived to provide rapid access to service and consistently admitted three to four new members every month. OHH continued to strengthen its relationships with Redington-Fairview's Bridge Clinic and the Infusion Clinic, giving members the option to receive the Sublocade injection as a form of MAT. The Sublocade injection was helpful in supporting clients in achieving improved adherence to medication regimen and treatment outcomes.

OHH advanced and implemented many innovative and best practices in supporting substance use disorder treatment. Members reported finding benefit with utilization of expressive group therapies. The expressive art therapy allowed members to not only enhance their confidence, but provided them with coping skills with managing their thoughts/ emotions without the use of drugs and alcohol.

OHH members articulated benefit from the horticulture therapy being used as a form of contingency management allowing them to learn and implement grounding techniques that spoke to their senses, reconnected them with nature, while also providing them with living skills of planting, nurturing and reaping the benefits of taking home fruits and vegetables. OHH encouraged clients to expand their peer and natural supports through involvement at community-based events such as those sponsored by ROAR.

Looking ahead the program plans on finding a larger space to accommodate its growth and innovative groups, health skills management classes, and community engagement efforts. The OHH Team also hopes to expand to Waterville and/or Augusta to open satellite OHH locations to advance support for KBH clients seeking MOUD Treatment in an OHH model of care.
